Please Note:

Only Dance for Tiny 2-year Olds and Combo Classes are considered one-year classes. All other classes are designed for students to study several years in each class. To properly prepare our students for the next level up, it is imperative that each student has mastered the skills to move up.

Everyone benefits when a student is placed in their proper learning level.

No one gains when a student is placed in a level that is too difficult for their current learning level.

Trust and respect our professional instructors.

They are always looking to set each individual child up for success in their own time.
